

Orientation and Technical Training

Crane and lifting training conducted by our AEECP officer at Tripura Asset.

Last Updated on:-

July 2nd, 2024

Brief details:

Under our Lakshya initiative, we introduced a comprehensive training and orientation program for employees based at the Tripura asset.

The details of the training sessions are as follows: -

Topics	Date
<ol style="list-style-type: none"> 1. Crane Hazard 2. Pre-Inspection of crane 3. Selection of Sling 4. Slings Technique 5. Safety device in crane 6. Use of tagline 7. Do's and don'ts in crane operation 	2 nd July, 2024

The rigorous training program met ONGC's standards. It focused on thorough training designed to improve the safety skills of the trainees. This ensures that our workforce is well-prepared to follow safety rules.

Images from training:

This accomplishment shows that we are building a skilled workforce ready to contribute significantly to the successful implementation of Lakshya.
