

## Orientation and Technical Training

Our safety officer conducted a surprise Mock Drill Training at Tripura asset.

Last Updated on:-

Feb 20<sup>th</sup>, 2025

### Brief details:

A surprise Mock Drill for firefighting was conducted by CORE-EHS at ONGC Tripura Asset. The drill, designed to test the readiness and efficiency of the firefighting team, was led by our Safety Officer. The exercise involved a simulated emergency scenario, allowing the team to demonstrate their preparedness in containing and managing a fire hazard in a controlled environment.

Safety Officer ensured that all safety protocols were followed, and the drill provided valuable hands-on experience to enhance the skills of the personnel. The participants actively engaged in extinguishing techniques, using fire suppression equipment and coordinating effectively under pressure. The successful execution of the drill underscores the commitment to maintaining a high standard of safety at ONGC Tripura Asset.

The details of the training sessions are as follows: -

Trainings Provided	Date
Firefighting Mock drill	20 <sup>th</sup> , Feb 2025

The meticulous training program impeccably aligned with ONGC's rigorous standards, ensuring the selection of highly competent safety personnel.
